

I hope you read this doc till the end. If you help me, I will pay \$500~\$1500 (10%~30%) every month. If u agree, I will wait for your reply on skype. I want your skyp Id...

Hi! How are you? I just wanted to discuss my business idea for both of us. I'm never faker or cheater and I am really serious. Let me introduce myself. My name is Guangcheng Jin from China. I am a full-stack web developer with good experience of 7+ years. I want to work on a upwork.com site. I have worked at Upwork before and My Upwork account was closed for some reason a few days ago. upwork.com prefers European and American freelancers and they are well treated. (in the price of their works) So I need a European or American account to get more money. If I don't pay you, you can close the and account at any time, because you will have all access and the profile image is yours. In this case, it will be a big damage to me. So there is no need to worry about the payment. If you are interested in me, please contact me through Skype. We can discuss more detail. If you dislike mine, please don't be angry with me. Business is business! But I want you. to think once more. believe me. If u agree, I should work on your pc using anydesk or teamviewer. because of my location. If I have a login on my pc, the account closed soon. So, I need to work on your pc. Thanks for reading.
